

Tired of Inactive Life. He Kills Himself.

(Special to The Evening World.)
ELIZABETH, N. J., March 6.—Lack of an occupation is said to have caused Charles A. White, a retired business man, to shoot himself in the temple yesterday in the woods in Florida. His body was found several hours later. He had written a letter to a local undertaker giving explicit information as to the disposal of his body.

TO DARKEN HAIR
APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 30-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Adv.

RICHARD A. McCURDY
EX-INSURANCE KING,
DIES IN RETIREMENT

Forced From Mutual Life Presidency and \$150,000 Salary by Hughes Investigation.

Richard A. McCurdy, formerly president of the Mutual Life Insurance Company, who was forced to resign by the exposure of the Hughes investigation of insurance company scandals in 1906, died this morning at his home in Morristown, N. J. He was eighty-one years old and had been feeble for several years.

At his bedside were his son, Robert H. McCurdy, and wife and Mr. and Mrs. Louis A. Thebaud, the latter his daughter.

With the passing of Mr. McCurdy disappears the last of the noted trio of life insurance company presidents whose amazing financial manipulations of policy holders' money were revealed by Charles E. Hughes and resulted in the revolutionizing of insurance laws and methods in this State.

The eldest of this trio was Henry H. Hyde, who died before the investigation began, and it was the quarrel of his heirs with his son, James Hazen Hyde, that caused the exposure of Equitable corruption. All of them were swept off the boards, including young Hyde, who became a voluntary exile in Paris, where he still resides.

The next company exposed was the New York Life, whose president, John A. McCall, was the youngest of the trio, but most brilliant and dashing in his exploits. Mr. McCall resigned and in a year died in sorrow. The great house he had built at Long Branch is to be the summer White House this year for President Wilson.

The Mutual Life Insurance Company was the oldest and largest of the Big Three, and the McCurdy family held it in absolute control. They proclaimed the policy of extreme conservatism, but they ruled it with absolute autocracy and fattened on rich pickings of official rake-offs. President McCurdy's salary alone was \$150,000 a year.

The investigation compelled the resignations of all the McCurdy family, and suits for restitution of millions of dollars were brought against them. In 1910 these suits were compromised, the McCurdys paying back to the company \$750,000 in full settlement.

After the exposure Mr. McCurdy went into European exile for nearly two years, and then returned to live an absolutely secluded life at Morristown for his remaining years.

WOMEN'S EXPOSITION OPENS.

Mrs. Wilson in Touch With Cleveland Affairs.

CLEVELAND, March 6.—The fourth annual American woman's exposition to promote social and industrial interests of women was opened here today. Formal ceremonies will be held at 7:30 o'clock this evening, when the wife of President Wilson will press a golden key at the White House that will illuminate the Coliseum, where the exposition is in progress. The day was especially devoted to the interests of the better pay movement. Woman Suffrage and flag day.

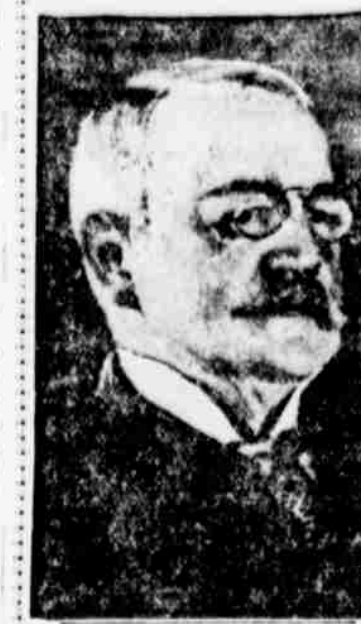

Two hundred exhibits represent every phase of feminine interests. Their value is estimated at \$2,000,000. Moving pictures and daily lectures on topics of interest to women are on the program for the week.

BABY BOY BORN IN SNOW.

Picked Up on Car Tracks After Mother Fainted During Storm.

TOLEDO, O., March 6.—Refused admittance, as claimed at the Toledo Hospital because she did not have a doctor's certificate, Mrs. Ada Jones, twenty-seven years old, formerly of Detroit, gave birth to a ten-pound baby boy in the snow on the street car tracks early today.

Fred Jones, the father, said he took his wife to the hospital about 7 o'clock. Refused admittance until a certificate

was presented, Jones and his wife, in a driving snow storm, left to hunt for a doctor. As they reached the car tracks, crossing Cherry and Hancock Streets, Mrs. Jones fainted. Pedestrians helped to carry her to an office. A man in the crowd picked up a ten-pound baby lying in the snow. The child is said to have shown no ill effects from the exposure.

WASHINGTON STRIKE
MAKES SENATORS AND
CONGRESSMEN WALK

Trolley Men Tie Up Street Cars With Demand for More Money and Better Hours.

WASHINGTON, March 6.—Senators and Congressmen who do not own automobiles walked to work today, as the result of a strike of street railway motormen and conductors. The motormen and conductors want 30 cents an hour, instead of the 22½ and 25 cents they now receive. They want also a nine-hour day, with the nine hours not scattered over more than a twelve-hour period.

The strike, one day old, has resulted in considerable inconvenience, little violence, and endless conferences. The two traction companies involved are operating about half the usual number of cars, by use of \$25 bonuses and other special inducements, but 1,500 carmen are striking and it is estimated 40,000 or 50,000 people are accustomed to riding as well.

Meanwhile, several Senators and Congressmen are preparing resolutions, and it is considered a probability that schemes of arbitration will be outlined in the measures to be introduced today. There was talk that

the investigation of the cost of living in the District also will be limited by the men's claim that they do not make a living wage.

Among the labor leaders who have arrived to conduct the strike are "Mother" Jones, and several officers of the American Federation of Labor. President Samuel Gompers has his office in the city.

One contention between the company and the men hinges on the present bonuses, benefit sharing schemes, relief association benefits, etc. The company claims these are a substantial addition to the wages. The men say these indirect benefits, abolished and what they earn included in the regular check.

Unusual scenes were enacted around the houses, where many of the employees went as they refused to leave their cars. The strikers confined their efforts to urgings. Many of the older men will participate in benefits given for twenty years.

Following a meeting with men and company officers, the District Commissioners decided to suspend the regulations against jitneys and "private transportation systems." At 9 o'clock, the hour when most of Washington moves to the centre of town to work, the streets resembled a picture gallery of vehicles. Anti-bellum hacks, chairs, autos of the late nineties, bicycles, hastily converted taxis and shock-cushioned, high-powered limousines crowded the streets.

Fifty "jitneys" are expected from Baltimore to-day, and if the strike is not settled soon many others will be imported, it is said.

Twins Will Join the Church.

CHICAGO, March 6.—Several of the pairs of twins who attended the special "twin service" of the Diversey Boulevard Methodist Episcopal Church here yesterday, will join the church, announced to-day. Dr. South extended a public invitation to every pair of twins in Chicago to attend the service, and as a result almost two score pairs appeared there were twins in the choir, twin girls whistled musical accompaniment to hymns and twin girls played violins.

FATHER OF JUDGE NOTT,
FRIEND OF LINCOLN, DIES

Wounded in the Civil War, Captured and Served Time in Texas Military Prison.

Charles C. Nott, father of Judge Charles C. Nott Jr. of General Sessions, died this morning at his home, No. 151 East Sixty-first Street, at the age of eighty-three. He was a member of the fast vanishing remnant of the Grand Army of the Republic and noted in civil as well as in military life. He was a warm personal friend and enjoyed the confidence of President Abraham Lincoln.

He was born in New York and graduated from Union College, Schenectady, of which his grandfather, Rev. Eliphalet Nott, was President. He practiced law in this city as a member of the firm of Clarkson, Nott & Potter. At the outbreak of the Civil War he was commissioned captain in the Fifth Iowa Cavalry. He was wounded during the second year of the war and was made colonel of the One Hundred and Seventy-sixth New York Volunteers. He was captured while lying wounded in a hospital at Brazos, Tex., and spent thirteen months in a military prison in Texas.

President Lincoln appointed him to the United States Court of Claims. This was a few months before the assassination of the President. President Cleveland made him Chief Justice of the court. He resigned in 1905. In 1887 he married Miss Alice Hopkins, daughter of President Mark Hopkins of Williams College. She died last April, since which time the old soldier and jurist lived with his son, Judge Nott. Besides the Judge a daughter survives him.
